Investment strategy

The Fund aims to achieve the highest possible return for its shareholders by investing primarily in shares of international companies involved in the energy transition sector. The Fund will invest primarily in shares of companies trading on the recognised stock exchanges worldwide that in the opinion of the Investment Manager, on an aggregate portfolio basis, generate a substantial proportion of their turnover from and operate on a sustainable basis in the energy transition sector. The Fund will not invest more than 30% of net assets in emerging markets.
