

ISIN LU2615689184

As at 31 March 2026

Swiss Life Funds (LUX) Bond Global Corporates Short Term CHF hedged I Cap

Risk indicator (SRI)

Investment strategy

The sub-fund invests in a global portfolio of corporate bonds which have an attractive risk/return profile and generally short-term maturities of less than three years. The short maturity significantly reduces the potential price losses due to rising interest rates or an increase in credit spreads.
