Swiss Life Premium Comfort Portfolio Equity

Investment strategy

The portfolio offers investors a global diversified investment generating high investment returns, which have a stabilising effect and add value. The portfolio aims to generate long-term capital growth by investing exclusively in higher-risk funds. For this purpose we offer a globally diversified portfolio, with an equity fund quota of 100%. The investment funds were selected according to a best-in-class approach and they meet the quantitative and qualitative selection criteria of Swiss Life Asset Managers. They are monitored on a regular basis.

Investment suitability

This portfolio's investment strategy tolerates large fluctuations in value and constitutes a high risk. The portfolio is suitable for investors who:

- can accept high price fluctuations
- are interested in high capital growth
- want high equity exposure
- want to remain committed on a long-term basis
